

15th October 2025

Dear valued customer,

We are writing to inform you of our forthcoming price increase of 4.9%, effective from 1st January 2026.

As an importer we deal with several production partners across the globe. Over the past few weeks we have been negotiating with our manufacturers, to keep the increases to a minimum.

We have been in dialogue with the factories to understand the reasons for passing on an increase, which are as follows:

- Raw materials
- Energy
- Packaging
- Labour costs
- Shipping and Transport costs

We have done everything possible to keep these to minimum. We'd like to take this opportunity to thank you for your continued support and cooperation.

Yours sincerely,

Dan Waldron
Managing Director / Sales
