Fitted furniture is designed to have units that fit flush together giving flexibility to choose any combination of units to fit your exact space.

ISABEL furniture
COTSWOLD furniture
ASHBURY furniture
BEARLEY furniture
Worktops for fitted furniture

# **AVON**

## Wall hung & floor standing furniture

Contemporary, handleless, push to open doors and drawers and a stunning chamfered edge design make AVON a smart choice.

The basin units can be styled with a thin edge, ceramic, sit in basin or with a coordinating worktop and washbowl. There is also the option to team the units with elegant legs to give a floor standing look! Add to that the stunning choice of colourways you'll find AVON is a very desirable, customisable collection.

# **BEAUDESERT**

## Wall Hung & Floor Standing Furniture

BEAUDESERT modular furniture blends a subtle integrated handle with soft, smooth curves resulting in a beautifully designed collection. Luxuriously silent soft closing doors and drawers further add to its charm. Available in a range of stunning on trend colours from tactile matt finishes in statement hues to a crisp white high gloss, the contemporary design makes it all look so stylish!

With a great choice of unit sizes, BEAUDESERT provides plenty of practical storage space for toiletries and towels, keeping your bathroom a clutter-free zone.

# **HEATH**

### Wall Hung Furniture

A 'bang on trend', wall-hung modular collection, HEATH comes in a stunning textured design throughout both its unit fronts and sides. Its soft fluted lines offer a design-led look whilst the wrap-around drawer box offers something unique. With soft-close, handleless drawers and doors, HEATH really does give a refreshing new look.

Available in three on-trend matt lacquered finishes; Matt Willow Green, Matt Mineral Grey and Matt Cotton, the family consists of basin units and a tall unit, providing handy storage space with premium linen-effect lined interiors. Use the vanity units with the crisp white ceramic basin or combine with a unit top and choice of washbowl for a design that complements your overall scheme.

# **CLAVERDON**

## Wall Hung & Floor Standing Furniture

Transform your space and make a statement! Offering a wide range of design options, CLAVERDON, comes in a range of colours from the eye-catching and bold to the more soft and serene, but all in a beautiful tactile super matt finish.

Customise your choice of units with Chrome, Matt Black or Brushed Brass metal accents in the form of sleek handles or even a floor standing frame which also provides a practical side towel rail. The choices don't end there either! Choose the stylish inset ceramic basin for its simple lines, or combine your vanity unit with a worktop and washbowl to really give a wow factor. With so many options you'll be spoilt for choice.

# **STONELEIGH**

## Wall Hung Furniture

With its old school glamour, the stunning marble effect of the STONELEIGH collection is a design statement that will endure. Combine a countertop shelf and a drawer storage unit for the perfect mix of style and practicality. With its generous depth and silver trim, the drawer offers plenty of practical storage, whilst the countertop shelf provides good space around a washbowl for those most used toiletries and stylish accessories!

# **LOXLEY**

# Floor Standing Furniture

LOXLEY is an L shaped furniture pack, which stylishly offers great storage to streamline bathroom spaces.

It's perfect for compact bathrooms with its small footprint of just 1100mm in width, and an integrated resin white basin and a handy, left or right-handed extended worktop space gives clean lines and an easy to clean top.

A two-door cabinet beneath the basin, teamed with a connected housing area for a concealed cistern and back to wall WC, makes LOXLEY a great choice for a coordinated look.

## **ASHBURY**

### Fitted Furniture

A popular choice, ASHBURY comes in a great selection of colours from high gloss to a contemporary matt finish. As a fitted furniture range, the wide choice of units allows you to create a flush, streamlined run of furniture, providing optimum storage space to keep bathrooms, en-suites and cloakrooms, tidy and organised. There are also space-saving options, with reduced depth units allowing ASHBURY to be used in the tightest of spaces whilst still maximising storage. Plus check out the furniture packs that combine with a one-piece basin, which not only look stunning but offer practical worktop space too.

# **BEARLEY**

### Fitted Furniture

BEARLEY meets the call for on-trend luxurious wall-to-wall styling – and of course flexible storage space. It is perhaps so popular due to its enduring shaker style simplicity, which together with its practical storage possibilities, allows a continuous run of furniture units to be created for bespoke bathroom solutions.

BEARLEY is a high specification furniture collection supplied fully assembled with colour-coordinated cabinets, soft close doors and drawers and is available in a range of unit types and sizes, colours and finishes.

### FITTED FURNITURE WORKTOPS

All ISABEL, COTSWOLD, ASHBURY and BEARLEY base units require a worktop; choose from classic laminates, high pressure laminates or cutting edge, slim solid surfaces.

### Classic laminate worktops

For use on ISABEL, COTSWOLD, ASHBURY and BEARLEY furniture.

### **Sparkling laminate worktops**

For use on ISABEL, COTSWOLD, ASHBURY and BEARLEY furniture.

### High pressure laminate worktops

An extremely durable decorative surface, high pressure laminate offers a strong and water resistant surface. For use on ISABEL, COTSWOLD, ASHBURY and BEARLEY furniture.

### Slim solid surface worktops

Can be cut with standard woodworking tools. Specifically designed for bathrooms. Fitter friendly with no water ingress or penetration.

For use on ISABEL, COTSWOLD, ASHBURY and BEARLEY furniture.

### **SUITES**

The shape of your suite sets the style for the rest of your bathroom, so it's important to consider what look & feel you want overall when choosing. We have sizes to suit large bathrooms or small cloakrooms and a range of shapes that reflect the most popular current styles.

98-99	JUBILEE suite
100-101	STRATTON suite
102-103	LANGLEY suite
104-105	HEATHCOTE suite
106-107	WILMCOTE suite
108-109	HARDWICK suite
110-111	DANZEY suite
112-113	KINGSWOOD suite
114-117	CHARLECOTE classic suite
118-121	Wall hung frames, concealed
	cisterns and flush plates

# How to choose the right suite options for you

### **Close Coupled WC**

A close coupled WC has the cistern resting directly on top of the pan towards the rear.

### **Soft Close Seat**

The soft close function ensures that the seat and lid close slowly without banging against the pan, reducing noise and risk of damage.

### **Back to Wall WC**

A back to wall WC has the concealed cistern hidden behind a wall or fitted furniture.

### **Full Pedestal**

The most popular choice, a full pedestal hides all the pipework whilst supporting the basin.

### Wall Hung WC

The pan is held off the ground by a hidden supporting frame and, as with a back to wall WC, the cistern is hidden.

### Semi Pedestal

Increasingly popular, a semi pedestal sits under the basin and hangs from the wall, freeing up floor space below it.

### **Rimless WC**

Rimless WCs are easier to clean as they flush without needing a rim.

### **Semi Recessed Basin**

Designed to be mounted into a work surface or furniture, the front of the basin protrudes forward, whilst the rear part is recessed.

### **Fully Shrouded**

The waste pipe and water inlet are fully shrouded within the ceramic, the toilet sits flush against the wall.

### **Short Projection**

Reduced depth pans don't project out into the room as far as a standard toilet, making them perfect for smaller spaces.

### **Open Back**

Open back toilets have access at the back for your pipework, perfect if you are planning to box in the pipes from left or right.

### **Comfort Height**

Set at a 450mm height or more, comfort height pans provide added comfort, especially for taller people or the elderly.

### **Complementary Ceramics**

Use our complementary ceramics with our furniture ranges.

# **JUBILEE**

### Square design with a soft finish

On-trend design, with a smooth finish to this stylish square suite.

It's fine design incorporating ultra thin edges complements any bathroom design.

## WALL HUNG FRAME SYSTEMS

Frames allow you to safely and securely fix wall hung products. They provide support for wall hung WC's loaded up to 400kg. Frames can be used inside a partition wall, behind tiles creating the illusion of space by freeing up the floor area.

## **SUPERCAST® BATHS**

## What is Supercast®? Strength and beauty combined

Supercast<sup>®</sup> is a substantial reinforcement process for an acrylic bath.

This reinforcement process results in each bath being incredibly strong and hard-wearing. This gives you the reminiscent assurance of an old cast iron bath with the natural warmth and quality acrylic has.

Acrylic's unique properties make it ideal for manufacturing baths. Acrylic allows itself to be moulded into many shapes giving many possibilities for varied designs, an attribute that enables baths to be manufactured with design and function working in harmony. The natural gloss is cast all the way through the acrylic resulting in a product that is smooth and ever so easy to clean.

The intensive reinforcement processes and final (grey) 'flow coat' jacket to the entire underside of the bath adds strength and insulating properties. This keeps your bath water hotter for longer!

## Super strong

Supercast® reinforcement process results in a strong, hard-wearing bath

## **Increases** insulation

Keeps your bath water hotter for longer

## Warm to the touch

Natural high gloss finish is smooth and easy to clean

## **30 YEAR GUARANTEE** on Supercast® Baths

## **SHOWER TRAYS**

#### **Slate Grey Shower Trays**

Luxury slate effect cast stone trays at just 25mm high offer the ultimate modern look.

#### **Linear Shower Trays**

Unique to the Linear range is smart water capture technology where liquid is drawn from the surface and delivered at the correct velocity to a capture chamber beneath the waste cover. This ensures that the vortex waste unit is fed at the optimum rate allowing it to function at up to an incredible 30 litres per minute, keeping excess water and soap deposits to an absolute minimum. The waste unit has no moving parts and is entirely self-cleaning, making this technology extremely reliable and reducing the possibility of blockages.

#### **Anti-slip Ultraslim Trays**

The 25mm high 100% natural stone resin trays offer an ultra stylish minimal wetroom look. The Patent protected unique surface is built into the tray and is easy to clean which makes your tray look ultra bright for longer.

#### **Designer Ultraslim Trays**

The 25mm high 100% natural stone gel coat finish tray with a flush fitting waste cover offers an ultra stylish minimal wetroom look.

#### **Low Profile Trays**

With an incredibly discreet profile of just 45mm, the Slimline Tray offers the contemporary design of a wetroom styling. Whether it is installed flat to the floor or raised on legs, it's sure to impress. The 90mm fast flow waste allows up to 32 litres of water to be carried away every minute.

## **SHOWERS**

Choose a mixer shower that connects to the hot and cold water supplies and then mixes the water inside the shower to your selected temperature.

Mixer showers normally deliver a higher flow rate than electric showers and are often thermostatic to protect against scalding. Ideal for homes with readily available hot water You can also add a pump if required to boost the flow from a gravity fed system.

170-171	Mixer showers
174-175	Mixer shower packs
176-179	Mixer showers - Create your own
180-181	Accessories
182-183	Traditional showers

## Which shower valve to select...

#### Single outlet

Operates a single outlet only such as a slide rail kit OR a fixed showerhead.

#### Two outlet

Operate two outlets such as a slide rail kit AND a fixed showerhead independently.

#### Three outlet

Operates two outlets but gives the option for up to 3 outlet fixtures such as a slide rail kit AND a fixed showerhead AND an overflow bath filler.

# **FINISHING TOUCHES**

With our range of accessories, from feature radiators to underfloor heating; from simple mirrors to extravagant lighting; from hooks and holders to rails and rings, you can easily add personality to your bathroom.

220-225	Radiators
226-227	Underfloor heating
228-237	Mirrors
238-243	Lighting
244-247	Accessories

# **HEATING FEATURES**

### **♠** CH

### **Central Heating**

The benefit of this type of installation is that it is economical to run when the central heating is on. Suitable for use with indirect central heating systems (your plumber/installer will be able to advise the type of system you have). The radiator is fitted to your central heating system and works alongside your existing radiators.

### ∲E

### **Electric**

The benefit of this type of installation is that the radiator can be installed almost anywhere and does not require any pipework. It has the added versatility of being able to be turned on and off whenever required, regardless of whether or not the rest of your central heating is on. An electrical element kit with a fused spur is required and wired to your electricity supply. The electrical element is screwed directly into the radiator and heats the water.

### **♦** f DF

### **Dual Fuel**

The best of both worlds! This type of installation is plumbed with indirect central heating systems and or your electrical supply.

This guarantees the low cost of a central heating system during the winter whilst ensuring the versatility of being switched on and off independently during the summer months. Central heating, electric or both - the choice is yours!

# UNDERFLOOR HEATING

Becoming more and more popular, electric underfloor heating distributes heat evenly throughout your room, alleviating cold spots and allowing you to remove radiators which can take up valuable wall space. It's more energy efficient than conventional heating methods too and provides a luxurious feeling underfoot.

SUITABLE FOR MOST PROPERTIES

LUXURIOUS FEELING OF WARM FLOORS

ENERGY EFFICIENT

FLEXIBLE CONTROL THROUGH ZONING AREAS OF THE HOME

NO COLD SPOTS

MAXIMISE SPACE IN THE HOME, NO RADIATORS ON THE WALL

### **TILE BACKER**

Tile Backer Board is the perfect insulation panel for use with our 150 watt cable heating systems. The board will dramatically reduce heat loss and running costs by up to 25%. The boards are waterproof, provide great sound insulation and can be easily cut down to size.

1200 x 600 x 6mm Board *Pack of 5* 

EHSB108834

£90

### STICKYMAT

226

Our heating mat cables feature dual-core resistive heating wires with FEP (Teflon) inner insulation and 4mm PVC outer insulation. These cables are spaced evenly at 65mm intervals to ensure uniform heat distribution across the floor, tailored to the required heat output.

Simply roll out a length, cut, flip and stick down the mesh until the floor area is covered. It is perfect for evenly heating large or regular-shaped rooms

### LOOSE WIRE SYSTEM

The loose cable system uses the same high-quality dual-core resistive heating cables with FEP (Teflon) inner insulation and 4mm PVC outer insulation. Supplied on a drum, this flexible system allows you to arrange the cable in any configuration to suit your space, making it perfect for tight, confined, or irregularly shaped areas.

### **UNDERFLOOR HEATING**

### **DIGITAL THERMOSTAT**

The Digital Programmable Thermostat is a simplistic, yet stylish underfloor heating thermostat designed for use with electric underfloor heating. The digital programmer can be used to control the air (ambient temperature) or floor temperature and as a standard it can be set to either 7 day or 5/2-day programs allowing each day to be different or weekday/weekend settings accordingly.

White EHSB108845 **£95** 

### **WIFI THERMOSTAT**

The Smart Wifi Thermostat is an intuitive, programmable thermostat used to control your electric underfloor heating system. Simply download the 'Smart Life' app via your iOS or Android platform which will then allow you to remotely manage your heating, plus you can also use Google and Alexa to control the system too. This thermostat has a professional design and many features such as 'Holiday Mode' and 'Hold Temperature' functions.

White EHSB108846 **£125** 

### **TOUCH SCREEN THERMOSTAT**

The Touch Screen Thermostat has an ultra-sleek, minimal design with chrome surround, and a full glass display with touch sensitive control. It will keep your home at a comfortable temperature whilst minimising energy use.

It's supplied with a 3m floor sensor probe and will also sense if a window has been opened as it detects when the room temperature plummets, so will automatically shut off for 15 minutes.

White EHSB108847 **£155** 

# **MIRROR FEATURES**

### **Battery Operated**

If you want to avoid wiring but still require LED lighting. Quick and easy to install.

### **IP44 Rated**

All of our products comply with electrical safety regulations and have been given an IP rating of 44, which protects against sprays and splashes of water. See technical specifications for bathroom zones.

### **Demister Pad**

Many of our mirrors contain a demister pad which gently heats the mirror once it is switched on. This then makes the mirror steam free.

### Rotatable

Some of our mirrors can be positioned landscape or portrait.

### **Touch Sensor**

Easily allows you to switch your lights on and off with touch.

### **Infrared Sensor**

Easily allows you to switch your lights on and off with the swipe of a hand. No touch needed.\*

### **Charging Socket**

Suitable for electric shavers and toothbrushes.

### **Dimmable**

Lighting that can be adjusted at the touch of a button.

### **Colour Changing**

Adjust the light from cool to warm.

# **LIGHTING**

Our stunning collection of bathroom lights are all IP44 rated and so suitable for use in zone two.

### Zone 1

Electrical fittings in this zone require a separate extra low voltage and a minimum rating of IP65 (splash-proof).

### Zone 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

### **Outside Zones**

Electrical fittings in this zone require no IP rating (unless cleaned by water jets).

### HANNAH CHROME CEILING LIGHT

## **SHOWER WATER SYSTEMS**

There are a few different types of water systems in homes in the UK. We can usually make some assumptions about the sort of water pressure each will give.

#### **Gravity Fed System**

This is usually a tank in the loft space or inside an airing cupboard. A basic guide to establish how much pressure it will deliver is how high the tank is above the tap or shower. If the tank is 2 metres above the level of the tap or shower, the water pressure will be 0.2 bar. If it is 5 metres, the water pressure will be 0.5 bar. Generally this type of system is low pressure however you can increase the pressure by installing a pump. It is recommended to seek advice from a qualified engineer or manufacturer before choosing your pump as these vary in performance.

#### **Combination Boilers**

These are high pressure systems and are usually set to operate between 0.8 to 1.5 bar. Minimum and maximum pressure can be checked with the manufacturer however most boilers have a gauge to show what pressure it is operating at. Combination boilers have an integrated pump so if the water pressure is too low for your required application, adding another pump can damage the boiler.

#### Sealed/unvented Systems

These are modern systems. If you have a hot water tank, but you don't have a cold water tank (cistern) in your loft or garage, this is an unvented high pressure system. They are quite uncommon as they are more expensive however they can usually deliver around 3.0 bar of water pressure.

## **MIRRORS & LIGHTING**

#### Zone 1

Electrical fittings in this zone require a separate extra low voltage and a minimum rating of IP65 (splash-proof).

#### Zone 2

Electrical fittings in this zone require a minimum rating of IP44 (splash-proof).

#### **Outside Zones**

Electrical fittings in this zone require no IP rating (unless cleaned by water jets).

## **TERMS & CONDITIONS**

Your new bathroom products have been designed and manufactured to high standards and all come with a reassuring manufacturer's guarantee. Guarantees apply to manufacturing defects and do not apply to accidental damage, wear and tear or any item or component rendered defective by unsatisfactory planning, faulty installation, improper or negligent use or damage resulting from failure to maintain the product in accordance with the customer care instructions. Guarantees do not cover any product that has been modified or altered in any way.

Guarantees do not cover any product that is installed with a fault that would have been clearly evident before installation. In the interest of continuing design development and product improvement, we reserve the right to amend or adjust specifications at any time. Where an identical product is no longer available we will supply the nearest equivalent from our current range. Guarantees are for the original purchaser of the product, they may not be transferred to a subsequent purchaser of the premises in which the product is initially installed.

Due to our policy of continuous improvement, we reserve the right to amend specifications, designs and colours without prior notice.

Suggested selling prices are including VAT. Due to circumstances beyond our control, prices may have to be altered including changes to the rate of value added tax.

The colours and finishes shown in this brochure are as accurate as possible within the limits of the printing process. Please note we always recommend viewing an actual swatch of our furniture ranges before purchase.

Whilst every effort has been made to ensure accuracy of the information supplied herein, we cannot be held responsible for any errors or omissions.
