# complete the look

## Complete the Look Gratings

Select from ACO's Complete the Look gratings and combine with ACO channels to deliver both an aesthetic surface finish and effective drainage for your paved surfaces.

### Complement your Aesthetic:

Make your ACO channel drainage blend in, stand out or disappear against your paving with a grate that fits your design.

The load class of both grating and channel must match to deliver either a pedestrian (A 15) or vehicle (B 125) installation. See ACO website for more details.

[www.aco.co.uk/complete-the-look](http://www.aco.co.uk/complete-the-look)

### Complete Compatibility:

All gratings are compatible with ACO HexDrain® and RainDrain® channels, which deliver effective surface drainage for most domestic installations
