

Dear Mark

Over recent months we have worked hard to offset the impact of rising costs through greater efficiency, tighter cost control, and improved processes. However, despite these efforts, sustained inflationary pressures across the business now make a price adjustment unavoidable.

From the 2nd of January 2026, we will be implementing the following price increases across our product range:

- Extruded Bricks: 6.5%
- Soft Mud Bricks: 6.5%
- London Brick: 5.5%
- Brick specials: 7%
- Thermalite blocks: 6%

These increases will be applicable for all orders shipped on or after the 2nd January 2026.

We remain committed to delivering consistent quality, reliable supply, and service you can depend on. This adjustment ensures we can continue investing in our manufacturing capability and supporting your business over the long term.

If you would like to discuss these changes further, please contact your account manager.

Thank you for your continued support and partnership.

Yours sincerely,
